*A powerful program  
to facilitate  
healthcare  
decisions and  
advance directives.*

Just as no captain would leave the harbor without a charted course, no person should leave his/her healthcare decisions to someone else. And no one should have to navigate unfamiliar waters alone.

The "Your Life, Your Health, Your Decisions" program has been developed to assist you in guiding the members of your community to have thoughtful conversations about their healthcare decisions and complete reliable advance directives to make their wishes known.

This program will allow you to invite the public to join you as you set sail to discover the meaning of advance directives and execute the necessary written documents in accordance with state laws.

Your assistance will mean that fewer families and healthcare providers will have to struggle with making difficult healthcare decisions in the absence

of guidance from the patient. And, healthcare providers and facilities will be better equipped to address advance healthcare planning issues before a crisis, and be better able to honor patient wishes when the time comes to do so.

It is imperative that educational opportunities are presented to people of all ages. Members of Selected Independent Funeral Homes are in an unique position to reach the public.

And Link/Freeman is prepared to provide you with the necessary materials to assist you in inviting the members of your community to take part in this important program, including event planning checklist, newspaper ads, flyers, posters, power point presentation, radio ads, and assistance in obtaining the correct legal forms for your state.
